Title: Lepeha Book
गुरुप्तोद्दर्भाः अत्राद्धर्भाः कृष्णसः स्त्रुप्ताः स्त्रुपत्ते स्त्र

Main Text: The Lepcha writing is modern in style with spacing between words. The book too is European in style. Traditional Lepcha books follow the Tibetan style. The text is a Buddhist prayer `THUK-GRO SA MUN-LOM,` the first and third words of which I take to be borrowed from Tibetan খ্ৰামাৰ্থী and খ্ৰামাৰী and has been written with care.
